

On Wednesday April 18th 2018, the Pints for Parkinson's Foundation will be hosting the 4th Annual Pint's for Parkinson's™ benefit at Gordon Biersch Brewery Restaurant and 4th Street Live!. After tremendous success last year, our goal for 2018 is to raise at least \$35,000 for the Parkinson Support Center of Kentuckiana. Join us for a night of fun, live music, local vendors, drinking great beer and giving back to a charity close to the Gordon Biersch crew.

5PM Start Time Whiskey Bent Boys – 5:30pm – 7:00pm Jericho Woods – 7:30pm – 10pm

Pints for Parkinson's is more than a fundraiser for the Parkinson Support Center. This is truly a partnership with Jason Smith, Gordon Biersch and Craftworks Foundation. The dollars raised during the Pints for Parkinson's events has paid for education programs in multiple cities throughout Kentucky and Indiana. Most recently, 200 individuals impacted by Parkinson's disease attended our 2017 Living Well with Parkinson's Symposium, which was offered free to the community because of the generous donation from the Pints for Parkinson's Foundation. We look forward to the 2018 Pints for Parkinson's!

### A Movement Disorder Presentation

Elizabeth Zauber, MD  
 Movement Disorder Neurologist  
 IU Health Neuroscience Center Indianapolis, IN

Dr. Zauber, along with two movement disorder nurses, Carla Vanamburg, BSN, RN and Lora Keesling, BSN, RN, will be presenting on the great work they are doing at the movement disorder center in Indianapolis. This will include an overview of the conditions treated, various therapies used to treat those conditions, including Deep Brain Stimulation, and important details on the referral process into their clinic.

Dr. Zauber brings with her a long history of treating movement disorders, including a neurology residency in St. Louis, MO and a fellowship in movement disorders in Chicago, IL. Dr. Zauber is currently an Associate Professor and Associate Residency Director in the Indiana University School of Medicine Department of Neurology. Since 2009, she has held memberships in the American Association of Neurological Surgeons as a non-surgeon member, the Parkinson Disease Study Group, the Huntington Disease StudyGroup, and the Movement Disorders Society. She has been actively involved in numerous current and past clinical trials, and is an author of 18 peer reviewed publications, 7 book chapters, and 16 peer reviewed abstracts.

## CENTER HAPPENINGS

March 2018

### The Parkinson Support Center Partners with Treyton Oaks

As we continue our mission to promote a healthier and improved quality of life for those living with Parkinson's disease, strengthening our partnerships has been one of the many focuses. In 2017, all of the Center's programs were offered free of charge to the community and it is important for this structure to continue. We are elated to announce, this partnership that will provide the exercise classes Fight Back with Fitness and Rock Steady Boxing Lite to the residents of Treyton Oaks and to the community.

Classes begin in April — Call 502-254-3388 to Sign Up for class participation  
 Rock Steady Boxing Lite Tuesdays 4-5pm and Fight Back with Fitness 11am-12pm on Thursday's  
 Treyton Oaks WWW.TREYTONOAKTOWERS.COM 211 W Oak St, Louisville, KY 40203

### Saturday April 28, 2018

**Run for Parkinson's Disease** and help support our Rock Steady Boxing (RSB) program. In 2016 and 2017 Parkinson Support Center raised over \$5,000 annually as a KDF charity partner. These funds provide monthly scholarships for participants of RSB at Core Combat, Full Moon Martial Arts and Anytime Fitness.

You can join us by creating a fundraising team! Family, Friends and Coworkers can form fundraising teams and walk/run the KDF Marathon/ Mini-Marathon (individually or as a relay) in support of the Parkinson Support Center. All proceeds will benefit The Parkinson Support Center and the individual Rock Steady Boxing Programs.

Visit the link below and show your support for one of the following teams!
